RE: Request to treat hazardous waste on-site  
Whayne Supply Company  
Louisville, Jefferson County, Kentucky  
EPA ID # KYD-006-945-802

Dear Mr. Stephenson:

The Kentucky Division of Waste Management received your submittal requesting approval to treat waste on-site on July 29, 2002. Whayne Supply Company proposes to install an evaporator to reduce the amount of liquid waste for disposal in accordance with 410 KAR 32:030 Section 6.

The Division has reviewed your request and determined that the request, as submitted, does not demonstrate that the operating conditions are protective of human health and the environment. The Division requests that a lab scale distillation of the material be completed to determine the amount of lead retained in the distillate vapor. Please submit a report detailing the concentration of lead in the waste stream, distillate, and residue. Once received the Division will review the information to verify it meets all RCRA risk-based screening levels and ambient air quality standards. In addition, Whayne Supply Company should also submit the proposed operational limits they will be operating the equipment under. This should include the gallons per hour throughput, the hours of operation, and the operating temperature of the unit.

Whayne Supply Company must also submit the \$300 review fee for on-site treatment of hazardous waste. The fee is renewable each year the facility treats the waste. The fee should be submitted with the request in the form of a check or money order made payable to the Kentucky State Treasurer.

This letter does not grant Whayne Supply Company treatment on-site permission, only clarifies deficiencies in their submittal. The Division reserves the right to request additional information when a more detailed submittal is received. Please note, approval of this type of treatment from this Division will not exclude Whayne Supply Company from obtaining the necessary permits or authorization from any other local, state, or federal agency. Should you have any questions, please contact Rebecca Cash at (502) 564-6716.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael V. Welch". The signature is fluid and cursive, with the first name "Michael" being larger and more prominent than the last name "Welch".

Michael V. Welch P.E., Manager
